

POSTDOCTORAL POSITION UNIVERSITY OF GENEVA, SWITZERLAND

A postdoctoral position is available in the group of Prof. Sandra Citi, for a **biochemist/structural biologist/cell biologist**, who has documented **expertise in native and recombinant protein purification**, advanced light and electron microscopy techniques, and **structural studies**. Additional experience in the field of **microtubule biology** is a plus.

The project is about the structure of proteins implicated in functional interactions with microtubules at cell-cell junctions.

The successful candidate must be highly motivated, ambitious and creative, have first name publication(s) published/submitted in good journals, and a recent PhD in Biochemistry/Cell Biology/Structural Biology.

The start date is to be negotiated (2019-20), and the salary is according to the scale of the University of Geneva.

Candidates should forward a cover letter, a complete curriculum vitae, a list of publications, and contact information for 2-3 references to:

Prof. Sandra Citi,
Department of Cell Biology
University of Geneva
4, Boulevard d'Yvoy
1211 Geneva 4, Switzerland

or via Email to: sandra.citi@unige.ch
