

Ubiquitin and ubiquitin-like proteins in health and disease

28 September – 2 October 2026 | Monopoli, Italy

ORGANIZERS AND CO-ORGANIZERS

Yogesh Kulathu
University of Dundee, GB

Yifat Merbl
Weizmann Institute of Science, IL

Simona Polo
IFOM Institute of Molecular
Oncology, IT

Claudio Joazeiro
University of Würzburg, DE

Abstract submission

15 June 2026

Registration

31 May 2026

SPEAKERS

Achim Werner
National Institutes for Health, US

Elton Zeqiraj
University of Leeds, UK

Nico Thoma
EPFL Lausanne, CH

Susan Shao
Harvard University, US

Alexandra Whiteley
University of Colorado Boulder,
US

Georg Winter
Aithya Institute and Center for
Molecular Medicine, AT

Paul Elliott
University of Oxford, UK

Sylvie Urbé
University of Liverpool, UK

Anne Bertolotti
Medical Research Council
Laboratory of Molecular Biology,
UK

Hemmo Meyer
University of Duisburg-Essen, DE

Petra Beli
Institute of Molecular Biology, DE

Thorsten Hoppe
CECAD, University of Cologne, DE

Brenda Schulman
Max Planck Institute of
Biochemistry, Martinsried, DE

Ivan Dikic
Goethe University Frankfurt, DE

Radoslav Enchev
The Francis Crick Institute, UK

Titia Sixma
Netherlands Cancer Institute, NL

Claudio Joazeiro
University of Heidelberg, DE

Jo Morris
University of Birmingham, UK

Rosa Barrio
CIC bioGUNE, Center for
Cooperative Research in
Biosciences, ES

Toshi Inada
Kyoto University, JP

Dannette Daniels
Foghorn Therapeutics, US

Jonathan Pruneda
University of Oregon, US

Satpal Virdee
MRC-PPU, University of Dundee,
UK

Vishva Dixit
Genentech, US

David Haselbach
Institute of Molecular Pathology,
AT

Kylie Walters
National Cancer Institute, US

Simona Polo
IFOM Institute of Molecular
Oncology, IT

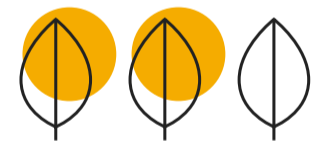

Yasin Dagdas
University of Heidelberg, DE

Debora Broch Trentini
University of Cologne, DE

Michael Rapé
University of California Berkeley,
US

Sonja Lorenz
Max Planck Institute for
Multidisciplinary Sciences, DE
